☒ Examiner's Statement of Reasons for Allowance

Art Unit: 2751

DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Claim 14 is allowed because in addition to applicant's convincing arguments, after reconsidering, the examiner does not find that the "Prior Art" of record meets the limitation of:

in response to a further request for allocation of memory space of cacheable or non-cacheable type, dynamically allocating a block of memory from a page of appropriate status; or

if such a block is unavailable, dynamically allocating a block from a page having "free" status, the system thereafter changing the status of said page from "free" to "cacheable" or "non-cacheable" as the case may be.

Claims 15-20 are allowed because of their dependence on allowed claim 14. Claims 9-13 are allowed because these claims incorporate all the features of allowed claim 14.

As for applicant's arguments, it is noted that the paragraph on page 8 of the papers filed on March 6, 2000 starting with "It is respectfully submitted . . ." was interpreted by the examiner as shown in the amended paragraph below:

"It is respectfully submitted, therefore, that the skilled person would not be inclined to combine Anthony with either Reinders or Weiser in order to achieve the objects of the present invention. In any event, it is further submitted that any such combination would [be] not lead to a system having all of the features recited independent claim 14 of the present application.

[Amended] New claim [1] 2 also recites the above-described features and it is therefore submitted that this claim is also novel and inventive over the prior art."

Art Unit: 2751

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yamir Encarnacion whose telephone number is (703) 308-5466.
